

SMOKE TAIT NEW KNOWLEDGE SEMINARS

The purpose of these workshops is to assist all interested New South Wales wine industry personnel to better understand and manage smoke-taint.

Time	Agenda	Presenter
3:00 – 3:10 PM	Welcome	Mark Bourne – President, NSW Wine
3:10 – 3:25 PM	What the numbers mean, a regional snapshot of smoke taint grape data	Con Simos – AWRI
3:25 – 3:40 PM	Early-season smoke exposure – Hunter Valley and Adelaide Hills	Markus Herderich - AWRI
3:40 – 3:55 PM	Predicting smoke taint in wine. Are we there yet?	Mango Parker - AWRI
3:55 – 4:10 PM	Do winemaking remediation treatments work?	Julie Culbert - AWRI
4:10 – 4:20 PM	Regional round-up, experiences from 2020	Regional representative
4:10 – 5:00 PM	Is NSW prepared for the next fire season? What else is required?	Q&A panel session with regional representatives
5:00 PM	Workshop concludes, followed by drinks	

This seminar program is one of several activities provided by The NSW Wine Industry Association Project *'Fortifying the future of New South Wales Wine.'* This project is responding to the 2019-2020 bushfires and aims to deliver a suite of technical support activities for NSW grape and wine producers affected by bushfires. Funding is provided by the NSW Government Bushfire Industry Recovery Package.

These seminars will be offered as face-to-face regional events, although due to COVID-19 restrictions, there is the option to attend online.

Booking is essential. Please register via the link below to the session you wish to attend.
